

## **Elephant Stew (Barbara Keck)**

1 large elephant  
2 rabbits  
salt and pepper

Take elephant, cut into bite size pieces, this should take you about 2 weeks. Place in large stew pot over outdoor fire. Simmer for 3 weeks, or until tender. This will serve roughly 3500 people. If you are expecting more than this number you can extend this recipe by adding the 2 rabbits. Don't do this unless really necessary as most people don't like to find a hare in their stew.
